Self-Introduction

GitHub Personal Portfolio: <https://cheungkencklll.github.io/>

My name is CHEUNG Kai Leuk, Ken, and I hold a Bachelor of Business Administration degree in Finance with a minor in Computer Science from the City University of Hong Kong. I have over three years of experience in management, administration, and human resource management, contributing to government projects on data visualization, analysis, and IT solutions.

As an Assistant Executive Manager at the HKSAR Drainage Services Department, I honed my project management, leadership, and IT skills by mentoring interns, coordinating system improvements, and handling key administrative tasks under tight schedules. My expertise includes resource management, recruitment, data analysis using Power BI and Excel, and proficiency in Microsoft Office tools. These experiences highlight my strong abilities to lead teams, analyze data, and communicate effectively.
